SIC Goal for this year: Prior goals were: 5th grade parent night for kids and parents with 6th grade admin, covering lunches for teachers to provide a duty free lunch, volunteering for literacy nights and tailgate night.

Lipi Pratt suggested we invite our local elected representatives to a meeting prior to the session starting in January 2020. The SIC committee agreed with this as a goal. Joe Hudson, Lipi Pratt and Takesha Pollock will work as a small committee to invite local elected representatives to a meeting at SCES.

Additional suggestions for goals included something community service orientated. The committee agreed on starting a program called Sharks that Serve. Local community groups will be selected and assigned grade levels will give back to that group by their bringing in items from the wish list or making cards or notes of encouragement for the volunteers. Committee will meet on 11/18/19 at 2:15 to determine the process for getting this started.

Committee is:
